- Complete system accessories available, including washsets, baskets, trays, racks, washset wagons and trolleys.

HEM-02 Sanitizer/Bacteria Reduction Washing System

The **PRIME**edge HEM-02 sanitizer/bacteria reduction system is the high-temp low-foam solution for cleaning and sanitizing knives, metal mesh gloves, sharpening steels and a host of other items. In order to achieve the best possible results all of our sanitizers/bacteria reduction systems use low-foam detergent and water up to 190° F (88° C) sprayed from rotating spray heads on 3 sides as well as the top and bottom of the wash cabinet. To ensure maximum efficiency all of our washer/sanitizers come with pre-set wash programs that are adaptable for different washing requirements, cleaning schedules and materials.

Spray Heads	Pre-Set Wash Programs	Capacity		
		Knife Holders	Slicer Blades & Covers	Aprons
20	4	42	2	28

Voltage	Phase	Frequency
240 V	3	60 Hz
480 V		60 Hz
240 V		50 Hz
380 V		50 Hz

Wide array of washsets, baskets, trays, racks, and shelves available.
